

## **Independent Living Program / Self-Sufficiency Services Annual Report**

**SFY 2015 (July 1, 2014 – June 30, 2015)**

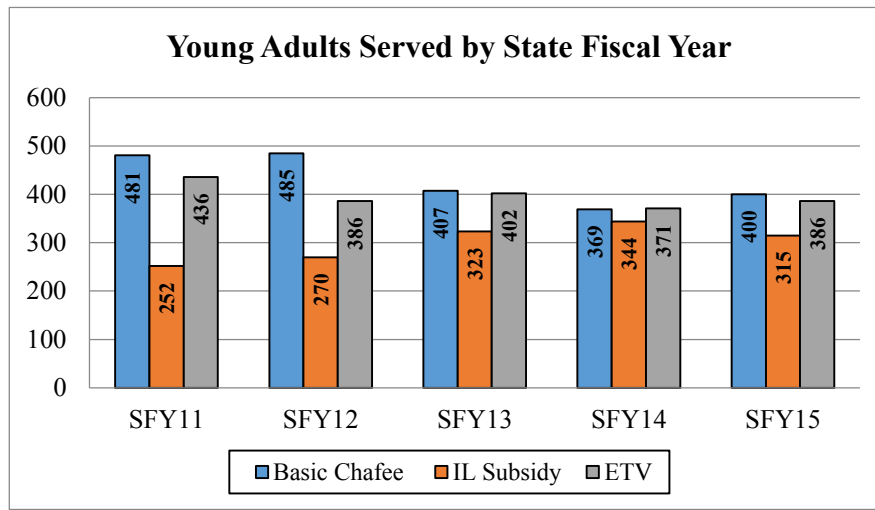

This report examines five years of data for young adults who received financial assistance as part of Independent Living/Self-Sufficiency services through Prevention and Protection Services (SFY 2011-2015). Young adults may be eligible for Independent Living/Self-Sufficiency services including financial assistance if they meet specific eligibility criteria and were in the custody of the Secretary of Department for Children and Families, the Kansas Department of Corrections – Juvenile Services, or Tribal custody. The two primary funding sources for the Independent Living/Self-Sufficiency program are Chafee Foster Care Independence Program (CFCIP) and Educational Training Vouchers (ETV). CFCIP includes Basic Chafee funds and Independent Living Subsidy funds.

Basic Chafee funds may be used for services and supports to help young adults leaving foster care achieve self-sufficiency. Basic Chafee funds may be available to approved young adults through age 21. Independent Living Subsidy (IL Subsidy), a service funded through CFCIP, is used to assist with room and board expenses of young adults who were released from custody at age 18. IL Subsidy is available until age 21. ETV funds may be available to youth currently or previously in foster care for post-secondary education. ETV funds may be available to approved young adults up to age 23. The Kansas Foster Child Educational Assistance Act, commonly referred to as the Kansas Tuition Waiver, is available to young adults up to the age of 23 who enroll in undergraduate programs at recognized Kansas Board of Regents schools. Young adults may receive funding for services through Chafee, ETV, and the Kansas Tuition Waiver simultaneously.

### **Executive Summary:**

- In SFY2015, 400 young adults received Basic Chafee funds, and 315 young adults received the IL Subsidy.
- Post-secondary educational assistance was provided to 386 young adults through ETV in SFY2015.
- Total Basic Chafee and ETV payments increased in SFY2015 compared to SFY2014. IL Subsidy payments decreased in SFY2015 compared to SFY2014.
- In SFY2015, 233 young adults were approved to receive the tuition waiver. This is an increase from the number of young adults approved to receive the tuition waiver in SFY2014.

## Part I: Young Adults Served in Independent Living/Self-Sufficiency Program

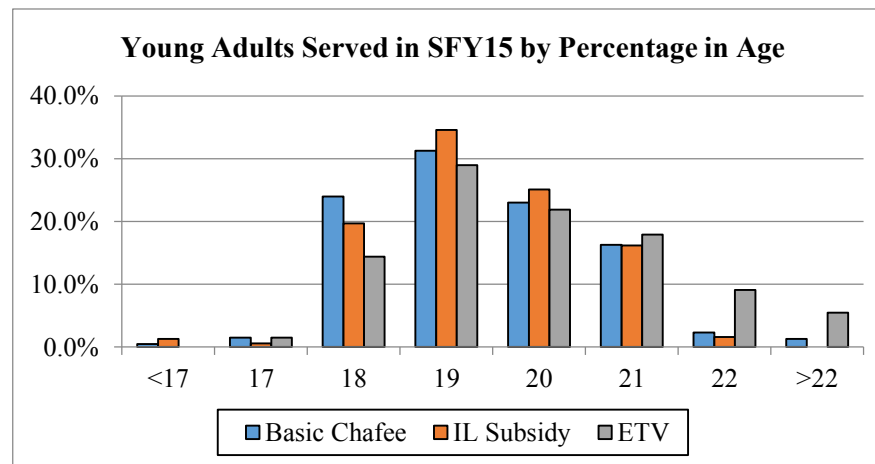

Source: KAECSES and SMART via Self-Sufficiency Information System.

In SFY2015, 400 young adults received Basic Chafee funds, 315 received funding through the IL Subsidy, and 386 received ETV funding. Some young adults may have been served by multiple programs.

The number of young adults receiving the IL Subsidy increased 25% from 252 in SFY2011 to 315 SFY2015. The number of young adults receiving Basic Chafee funds decreased 17% from 481 in SFY2011 to 400 in SFY2015.

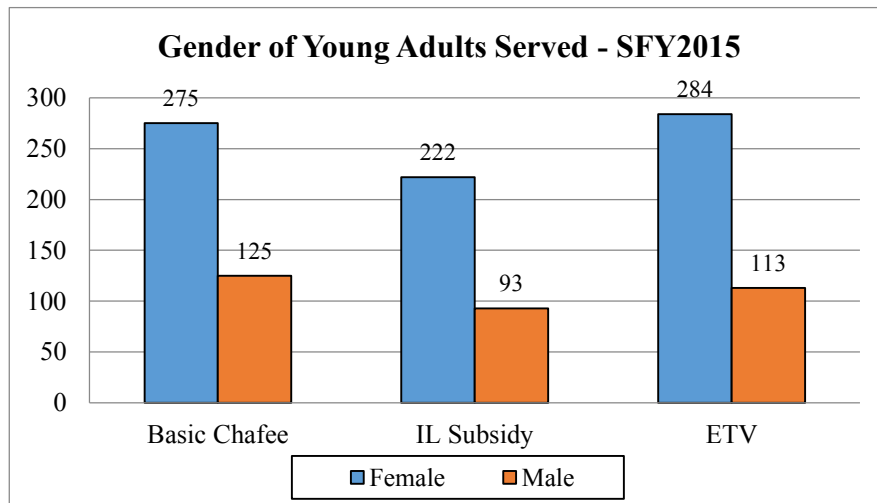

Some young adults may receive funding through multiple sources. A total of 742 (unduplicated) young adults received funding from at least one of these sources in SFY2015.

Source: KAECSSES and SMART via Self-Sufficiency Information System.

The largest percentage of young adults served by Basic Chafee, ETV and the IL Subsidy were 19 year olds (31.3% of young adults served by Basic Chafee, 29% of young adults served by ETV, and 34.6% of young adults served by the IL Subsidy).

The majority of young adults receiving Basic Chafee funds (57.3%) and the majority of young adults receiving the IL Subsidy (56.2%) were under the age of 20, while the majority of young adults receiving ETV funding (54.4%) were 20 years or older.

Source: Self-Sufficiency Information System and FACTS.

In SFY2015, the majority of young adults served by each of the programs were female. Of those receiving Basic Chafee funds, 68.8% were female, and 31.3% male. 70.5% of the young adults served by the IL Subsidy were female, and 29.5% were male. The breakdown for those served by ETV was 71.5% female and 28.5% male.

Of the 742 (unduplicated) young adults who received funding through at least one of these sources in SFY2015, 519 (70.0%) were female, and 223 (30.0%) were male.

## Part II: Basic Chafee Funds

In SFY 2015, the Basic Chafee payment total was \$240,147.71. This is a 6.1% increase compared to SFY 2014 payment totals. The number of young adults served in SFY2015 was up 8.4 % compared to SFY 2014. (Table 1).
